

## ABOUT SOFFSWERVE

Crystal Nguyen, also known as Soffswerve, is a Vietnamese-American open format DJ, which means she can curate vibes across multiple genres.

Soffswerve's music journey started from the era of downloading music from Limewire and Newgrounds Audio Portal. The latter is where she fell in love with electronic dance music. EDM introduced her to the world of music festivals and "DJs".

During the 2020 Covid shutdowns, she taught herself how to DJ with Youtube. In 2022, she graduated from Season 12 of Academy of DJs, a Serato Certified DJ school in Orange County, CA.

Since then, she has played at clubs, bars, fitness classes, art markets, silent discos, weddings, corporate events and more! Her flexibility with all types of music needs and clients has helped her succeed in the industry. She looks forward to creating wonderful memories with all those who hear her play.
